

## Superlative Winemakers lunch at L'Autre Pied

Saturday 29<sup>th</sup> November Lunch

The London Branch, in conjunction with the California Marin County Branch, Haskell Norman Chapter, is honoured to present you with a splendid and important wine event:-

**Jack Rubyn**, Chairman of the Marin County Branch,

has managed to persuade his good friend, and **Marin IWFS member, Ron Fenolio**, owner **Veedercrest Wines**, to come to London and show his **world class** wines.

**Veedercrest wines** were participants in the infamous 'Judgement of Paris' in 1976 when Californian wines were tasted by noted French wine judges against the best from Bordeaux.

The American wines swept the board in the competition, and indeed again at a second more recent event.

Veedercrest have maintained their foremost standing and award winning status

We are also very fortunate indeed that **Mathieu Germond**, of the Pied group of Michelin starred restaurants has succumbed to Andrew Brodie's pleadings and agreed to open L 'Autre Pied **exclusively** for us, and Chef **Andy McFadden** has composed a menu specially to complement the wines being shown. This will really be a very special event, and Jack will be bringing in a few Italian specialities from his annual IWFS Marin tour of Alba, Italy.

He is looking forward to joining us once again in London. **Do join us!**

**We will gather** and be served Hors d' Oeuvre with **2012 Sauvignon Blanc - Napa Valley**

**Risotto with Black Truffle Caviar (Thanks Jack!)**
